

CHECKLIST

Buying a Motorhome

THE FIRST STEP IS DONE

The decision has been made: You want to buy a motorhome. You will find a large amount of information on websites from various manufacturers, in price lists, technical data and at trade fairs or at the Point of Sale of dealers. In addition, you can configure your individual motorhome online. To receive a personal offer, just make an consultation appointment with your local dealer and nothing will get in the way of the motorhome of your dreams.

IMPORTANT

Before buying, you should consider which features your motorhome should fulfil: Length, storage space and the number of passengers. In addition, you should check whether your driving licence is valid for the motorhome you want. Do you also need accessories or special equipment such as an awning, reversing camera or a multimedia package? The more questions you can answer yourself, the better, because then you can relax and go to a consultation with your dealer.

Enclosed you will find a checklist that prepare you in the best way for the purchase of your motorhome.
